 Net and Wall games.

Curriculum drivers

Real life Experiences	Emotional Literacy	Community
Taste and smell ingredients that we may not be familiar with. Preform dances and music and wear some traditional clothes worn in Ghana.	Learn about the lives of others and compare these to our own. Talk about celebrating differences between people.	Invite parents into school to share their experiences of life in other countries. Enjoy learning about places around the world from children in our class.

Home Activities To support this topic you could:

Research a country of your own choice using and atlases.	Try food from a different culture and evaluate it.	Learn a song in a different language and look at the translation.	Learn how to write your name in a different language and find facts about the history of that language.
