Home Activities To support this topic you could:

Find as many natural and man-made materials as you can in your home. Can you think about why those things are made out of those materials?

Draw a map of the local area for an alien.

Make collections of different materials
Find some natural materials at the park and create some art with them.

Do a keep fit or yoga video together.
How do you feel when you keep fit? Is there a local park run?
