Dear Parents/Carers,

The purpose of a short inspection is to determine whether the school continues to provide a good or better standard of education and whether safeguarding is effective.

*If there is sufficient evidence of strong practice and improved performance of a good school, and it is reasonable to believe that the school **may be judged outstanding** if it received a full two-day inspection, the school will receive a report, in the form of a letter, setting out its strengths and areas of marked improvement and informing the school that its next inspection will be a full two-day inspection, to take place within one to two years.*

We are delighted to inform you that the school fell into the above category. This was the best outcome we could receive under a Section 8 Inspection.

We are very proud of the fantastic achievements of our children. I know that you will also want to join me in congratulating the staff and governors on a well-deserved judgement.

Thank you for choosing Cardinal Road and supporting us in the many different ways that we request.

We look forward to continuing to ensure your children receive the best education and are happy, motivated learners.

Yours sincerely,

*M c Nowak*

Maggie Nowak
